Material will be unloaded from vans, exhibitor's truck, or trucks of others at the convention facility, delivered to the exhibitor's booth, picked up at the close of the show, moved to the loading area and reloaded on trucks. It is incumbent for the exhibitor to provide written and accurate weight information on each shipment. INBOUND AND OUTBOUND TRAFFIC SCHEDULES are the responsibility of the Official Drayage Contractor. To assure orderly and expeditious handling of exhibit material into and out of the convention hall, it is suggested that exhibitors, including local companies, clear all movement of exhibit material through the Drayage Contractor, who is prepared to handle local pickups and deliveries on a coordinated schedule. It is also recommended that in order to minimize congestion, all shipments be channeled through the Official Drayage Contractor.

EMPTY CONTAINER STORAGE - Blue Chip Expo assumes no responsibility for valuables stored in containers removed to storage area.

BLUE CHIP EXPO PRIMARILY USES THE FOLLOWING CARRIERS FOR OUTBOUND FREIGHT: Roadway for ground freight along with Nations Express for air freight shipment. Should you choose an alternate carrier (the exhibitor is responsible for making all arrangements for alternate carriers), they must arrive at the facility for loading by the time Blue Chip Expo clears everything off the exhibit floor. Otherwise Blue Chip Expo reserves the right to ship by one of our primary carriers or our selected carriers for the event.

OUTBOUND SHIPPING INSTRUCTIONS should be given to the Official Drayage Contractor at the Convention Center Service area during the Exposition or immediately after its close. If outbound shipping information is available prior to show commencement, forward instructions to the Drayage Contractor. All bills of lading and shipping instructions covering outbound shipments will be checked at the time of actual loading and corrections made where discrepancies exist. Freight remaining on the exhibit floor without proper instructions for disposition will be removed by the Drayage Contractor and shipped with the information available at the time. Under no circumstances will the Drayage Contractor be liable for shipping errors subsequent to the convention unless it has received specific written instructions and has failed to honor them. All shipments should be scheduled for pick-up directly from the show site. Additional handling charges (Minimum \$60) will be applied to all shipments returned to the Blue Chip Expo warehouse.

DAMAGE TO EXHIBITS while they are being loaded, unloaded or conveyed to the various booths or common carrier by the Drayage Contractor will be its responsibility. The Drayage Contractor **WILL NOT** be responsible for damage to materials improperly packed, concealed damage, loss or theft of exhibitor's materials after same have been delivered to the booth, or before materials have been picked up for loading out of the booth. In any case, the liability of the Drayage Contractor is limited to \$.10 per pound/per article, with a maximum of \$50.00 per item, and a maximum of \$1,000.00 per shipment. The shipper is encouraged to make arrangements with its insurance carrier if values of articles or shipments are in excess of those stated above.
